About Sikkim

Sikkim is a small and beautiful state located in the northeastern part of India, in the Eastern Himalayas. It is bordered by Nepal to the west, Bhutan to the east, China to the north, and West Bengal to the south. The capital city of Sikkim is Gangtok. Although it is one of the smallest states in India, it is famous for its natural beauty and peaceful environment.

Sikkim is home to the majestic Kangchenjunga, the third-highest mountain in the world. The state has snow-covered mountains, green valleys, rivers, waterfalls, and beautiful lakes. It is also rich in wildlife and plants. Khangchendzonga National Park is a UNESCO World Heritage Site and protects many rare species, including the red panda.

The people of Sikkim mainly belong to the Lepcha, Bhutia, and Nepali communities. The main languages spoken are Nepali, English, Lepcha, and Bhutia. Hinduism and Buddhism are the major religions, and there are many famous monasteries such as Rumtek Monastery. Sikkim became the 22nd state of India in 1975 and is known as India's first fully organic farming state. It is a popular tourist destination because of its culture, festivals, and natural beauty.

Famous Places in Sikkim

01 Gangtok

Gangtok is the capital city of Sikkim and one of the most popular tourist destinations in the state. It offers beautiful views of the Himalayas and is known for MG Marg, monasteries, and peaceful surroundings. The city is clean, well-organized, and a perfect starting point to explore Sikkim.

02 Tsomgo Lake

Tsomgo Lake, also called Changu Lake, is a beautiful glacial lake located about 40 km from Gangtok. Surrounded by snow-covered mountains, the lake changes color with the seasons. It is a sacred lake and attracts many tourists throughout the year.

03 Nathula Pass

Nathula Pass is a famous mountain pass on the India–China border. It was once part of the ancient Silk Route. Visitors can see the border gates and enjoy breathtaking views of the snowy mountains.

04 Pelling

Pelling is a small town known for its stunning view of Mount Kangchenjunga. It is famous for waterfalls, monasteries, and the Sky Walk. It is a peaceful place ideal for nature lovers.

05 Yumthang Valley

Yumthang Valley is known as the "Valley of Flowers." It is covered with colorful flowers during spring and surrounded by snow-capped mountains. It is one of the most beautiful valleys in North Sikkim.

06 Lachung

Lachung is a scenic mountain village in North Sikkim. It is famous for its natural beauty, rivers, and apple orchards. It also serves as a base to visit Yumthang Valley..

07 Gurudongmar Lake

Gurudongmar Lake is one of the highest lakes in the world. The lake is considered sacred by Buddhists and Sikhs. Its crystal-clear blue water and surrounding snow peaks make it a breathtaking sight.

08 Rumtek Monastery

Rumtek Monastery is one of the most important monasteries in Sikkim. It is a center of Tibetan Buddhism and attracts many visitors. The monastery's architecture and peaceful atmosphere are truly impressive.

09 Tsuklakhang Palace

Tsuklakhang Palace is a historic Buddhist monastery and royal chapel in Gangtok, known for its religious importance and traditional architecture.

Thank You Message Governor Shri Om Prakash Mathur Ji

Message of Gratitude

Duke International University extends its sincere gratitude and heartfelt appreciation to the Hon'ble Governor for his visionary leadership, invaluable guidance, and unwavering support towards the advancement of higher education. We express our deepest thanks for the encouragement and confidence extended to Duke International University in its pursuit of academic excellence, innovation, and skill-oriented education

The Hon'ble Governor's commitment to promoting quality education and empowering the youth has been a constant source of inspiration. His guidance has strengthened our resolve to provide transformative learning opportunities, foster research and innovation, and prepare students to become responsible global citizens and future leaders.

We are grateful for the continued support and encouragement that have enabled the University to expand its academic horizons and contribute meaningfully to nation-building and social development. The University's achievements and progress are greatly enriched by the goodwill and patronage of the Hon'ble Governor

As we move forward in our mission of excellence in education, research, and community engagement, we look forward to receiving his continued blessings and guidance

With profound respect and gratitude, Duke International University reaffirms its commitment to serving society through knowledge, innovation, and human development.

Vice Chancellor
Duke International University

Thank You Message Chief Minister of Sikkim, Shri Prem Singh Tamang Ji

Message of Gratitude

Duke International University expresses its sincere gratitude and heartfelt appreciation to the Hon'ble Chief Minister of Sikkim for his visionary leadership, progressive outlook, and unwavering commitment to the advancement of education, skill development, and youth empowerment in the State. We extend our deepest thanks to the Hon'ble Chief Minister for his continuous encouragement and support towards creating an enabling environment for quality higher education and innovation

The Government of Sikkim, under the dynamic leadership of the Hon'ble Chief Minister, has consistently promoted educational excellence, sustainable development, and opportunities for young learners to achieve their aspirations. His dedication to strengthening the education sector and fostering a knowledge-based society serves as an inspiration to academic institutions across the region

We are deeply grateful for the support and confidence extended to Duke International University. Such encouragement motivates us to further our mission of providing world-class education, promoting research and innovation, and nurturing skilled professionals who can contribute meaningfully to society and the nation.

As we continue our journey towards academic excellence and holistic development, we look forward to the continued guidance and blessings of the Hon'ble Chief Minister. We remain committed to supporting the vision of a progressive, educated, and empowered Sikkim through our academic and social initiatives.

With profound respect and gratitude, Duke International University reaffirms its dedication to serving society through education, innovation, research, and human development

Vice Chancellor
Duke International University

Vice Chancellor's Message

Prof. (Dr.) Kush Kumar

Dear Students,

It gives me immense pleasure to welcome you to Duke International University, Kitam, Sikkim- an institution committed to academic excellence, innovation, skill development, and the holistic growth of every learner.

At Duke International University, we believe that education is not merely the acquisition of knowledge; it is a transformative journey that empowers individuals to think critically, act responsibly, and contribute meaningfully to society. Our vision is to create a vibrant academic environment where knowledge meets skills, innovation meets opportunity, and aspirations become achievements.

We are committed to providing quality, industry-relevant, and future-focused education through innovative teaching practices, research, technology, and meaningful industry and academic collaborations. Along with academic excellence, we place strong emphasis on ethics, leadership, entrepreneurship, creativity, and social responsibility.

Located in the beautiful state of Sikkim, the University aspires to become a distinguished centre of higher education that welcomes learners from across India and around the world. Our aim is to nurture confident, skilled, compassionate, and globally competent professionals who are prepared to address the challenges of a rapidly changing world.

I invite our students to dream with courage, learn with curiosity, and pursue excellence with determination. Together, with the dedication of our faculty, staff, students, parents, industry partners, and well-wishers, we look forward to building Duke International University into an institution of distinction and lasting impact.

I extend my best wishes to every member of the Duke International University family for a successful and fulfilling academic journey.

Warm regards,

Prof. (Dr.) Kush Kumar
Vice Chancellor
Duke International University

Registrar Message

Mr. Mohammad Rahmatullah

Dear Students,

It gives me immense pleasure to welcome you to Duke International University, a center of excellence dedicated to academic innovation, professional development, and global engagement.

At Duke International University, we believe that education is the foundation for transforming lives and building a better society. Our commitment is to provide students with a dynamic learning environment that fosters intellectual growth, creativity, critical thinking, and ethical leadership. We strive to equip learners with the knowledge, skills, and values necessary to excel in an ever-evolving global landscape.

The University offers a diverse range of academic programs designed to meet contemporary industry requirements while maintaining the highest standards of academic quality. Through our distinguished faculty, modern infrastructure, digital learning platforms, and international collaborations, we ensure that students receive a holistic and future-ready education.

As Registrar, I take pride in our transparent academic processes, student-centric administration, and commitment to excellence. We continuously work to create an inclusive and supportive environment where every student can achieve their full potential. Our focus extends beyond classroom learning to research, innovation, entrepreneurship, community engagement, and lifelong learning.

We encourage our students to embrace challenges, explore new opportunities, and actively contribute to society through knowledge and innovation. The University remains dedicated to nurturing responsible global citizens who can lead with confidence and integrity.

I extend my heartfelt gratitude to our students, faculty members, staff, parents, and stakeholders for their trust and support in our mission. Together, we will continue to strengthen the University's reputation as a premier institution of higher learning

I wish all our students a successful academic journey and a bright future.

With best wishes,

Mr. Mohammad Rahmatullah
Registrar
Duke International University

About Duke International University

Duke International University is a State Private University located in the scenic and culturally rich state of Sikkim. The University is established by the Sikkim Legislature through its Official Gazette and is recognized by the University Grants Commission (UGC) under Section 2(f) of the UGC Act, 1956.

The University is committed to delivering high-quality, skill-driven and globally relevant education. With a strong focus on bridging the gap between academic learning and industry requirements, Duke International University offers a wide range of programmes designed to meet the aspirations of modern learners and the evolving needs of global industries.

At Duke International University, education goes beyond textbooks to equip learners with practical skills, professional exposure and the confidence to succeed in real-world environments. Guided by the principles of the National Education Policy (NEP) 2020, the academic framework emphasizes flexibility, interdisciplinarity and employability-driven outcomes.

"TRANSFORMING EDUCATION THROUGH INNOVATION, SKILLS, AND INDUSTRY INTEGRATION."

Vision, Mission And Core Values

Our Vision

To emerge as a globally recognized center of excellence in higher education, research and innovation, committed to nurturing responsible leaders, entrepreneurs and professionals who contribute meaningfully to society. Duke International University envisions creating an inclusive, sustainable and knowledge-driven future by blending academic rigor with industry relevance and human values.

Our Mission

1. To deliver cutting-edge, skill-oriented and multidisciplinary education aligned with national and global needs.
2. To integrate academic knowledge with practical training, fostering innovation, research and entrepreneurship.
3. To build strong collaborations with industry, government and global institutions to enhance impactful learning and employability.
4. To nurture an inclusive learning environment that promotes creativity, critical thinking and ethical values.
5. To equip students with 21st-century skills, preparing them for leadership roles across diverse sectors of society and the economy.
6. To provide quality, inclusive and affordable education that empowers learners to achieve academic excellence and professional success

Core Values

- **Excellence in Education**

  Commitment to providing high-quality, innovative and research-driven learning experiences.

- **Integrity & Ethics**

  Upholding honesty, transparency and accountability in all academic and administrative practices.

- **Student-Centric Approach**

  Prioritizing the holistic growth, well-being and success of every learner

- **Innovation & Entrepreneurship**

  Encouraging creativity, problem-solving and entrepreneurial mindsets to meet global challenges

- **Diversity & Inclusion**

  Promoting respect, equity and equal opportunities for all, regardless of background.

- **Community Engagement**

  Building strong connections with local communities to contribute to social and economic development

- **Sustainability & Responsibility**

  Preserving the natural environment and fostering sustainable practices for future generations.

- **Collaboration & Partnerships**

  Working with industries, institutions and global partners to achieve shared success

- **Lifelong Learning**

  Inspiring adaptability and continuous personal and professional growth.

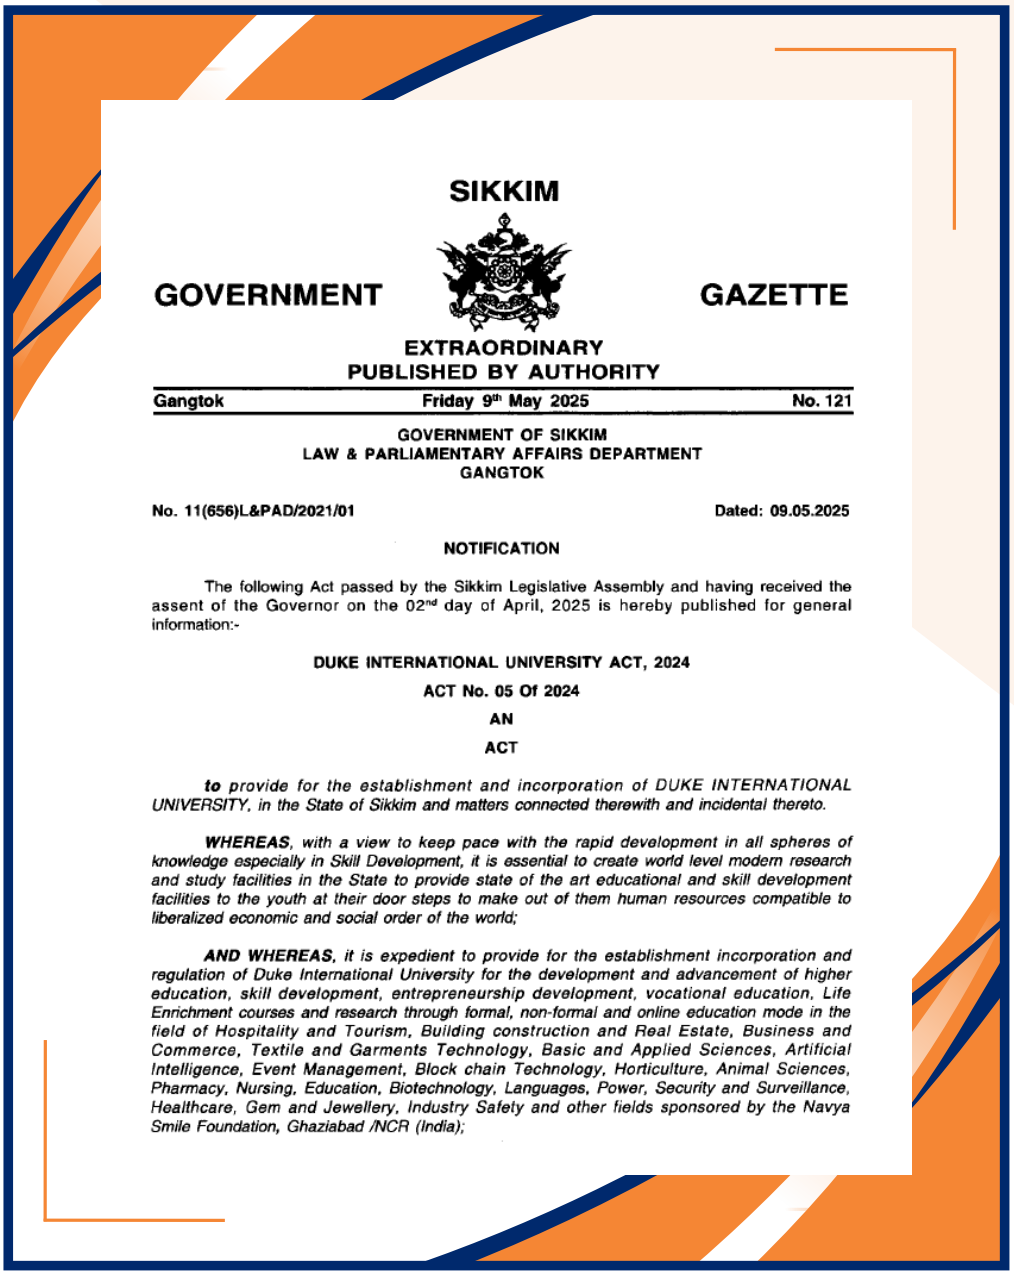

- **Cultural Heritage & Global Outlook**

  Balancing the preservation of local traditions with openness to global knowledge and perspectives.

Infrastructure and Facilities

INTERACTIVE CENTRE

The Interactive Centre at Duke International University is an elegant, thoughtfully designed seminar and learning space that supports student-driven learning. It facilitates collaborative group discussions, presentation showcases, workshops and multimedia lectures by visiting faculty, creating an ideal environment for students to interact, explore ideas and excel academically

LIBRARY

Duke International University boasts a modern, fully computerised library featuring an extensive collection of national and international academic books, journals and magazines. With subscriptions to renowned research publications worldwide, the library provides dedicated reading and study areas along with advanced digital infrastructure to ensure a comfortable and enriching learning experience.

CAFETERIA

The University features a well-equipped cafeteria that provides students with access to nutritious meals and refreshments throughout the day. Located within a serene garden courtyard, it offers a relaxed and welcoming space for students to unwind, socialize and rejuvenate between classes.

COMPUTER LAB

Duke International University offers a state-of-the-art Central Computing Facility that supports students, faculty and staff in academic projects, assignments, dissertations and research activities. The facility is spacious and fully equipped with modern hardware and advanced software, providing a professional working environment that reflects real-world industry standards.

Infrastructure and Facilities

SCHOLARSHIP & FINANCIAL ASSISTANCE

Duke International University believes that financial constraints should never hinder a student's ambitions and passion for learning. The University offers scholarships and financial assistance to deserving and high-achieving students, supporting their academic goals and innovative ideas with confidence.

HOSTEL ACCOMMODATION

Duke International University offers separate hostel facilities for male and female students from outside the city. The rooms are clean, well-ventilated and equipped with essential amenities, including proper lighting and ceiling fans. Each hostel is supported by adequate sanitary facilities to ensure comfortable living. Hostel accommodation is allowed on a first-come, first-served basis and students opting for hostel residence are required to stay for a minimum period of one academic year.

SPORTS FACILITIES

Duke International University offers a wide range of modern indoor and outdoor sports and recreational facilities designed to promote students' physical fitness, mental well-being and overall holistic development. These facilities are accessible to all students and provide ample opportunities for regular physical activity, encouraging a healthy and balanced lifestyle..

TRANSPORTATION FACILITIES

Duke International University provides reliable and efficient transportation services for the convenience of students and staff through a dedicated fleet of buses. Students wishing to avail themselves of this facility are required to notify the Transport Office at the time of admission.

Programmes Offered

Duke International University offers a diverse range of undergraduate and postgraduate programmes across multiple disciplines, including Commerce, Management, Engineering, Computer Science, Arts, Science, Social Science, Education and Library & Information Science. The University is committed to academic excellence, practical skill development and industry exposure, preparing students for successful career and global opportunities.

- Faculty of Engineering & Technology
- Faculty of Allied Health Sciences
- Faculty of Commerce & Management
- Faculty of Computer Science & Technology
- Faculty of Education & Sports
- Faculty of Journalism & Mass Communication
- Faculty of Arts & Social Science
- Faculty of Science
- Faculty of Library & Information Science
- Faculty of Agriculture Science
- Faculty of Fashion, Animation & Design
- Faculty of Vocational Education
- Research Programme

Faculty of Engineering & Technology

The Faculty of Engineering & Technology at Duke International University is committed to academic excellence, innovation and industry-aligned education. The Faculty offers a transformative learning environment where modern engineering principles meet real-world application. Equipped with advanced laboratories, smart classrooms and state-of-the-art research facilities, students explore emerging technologies in civil engineering, electrical engineering, computer engineering, robotics, renewable energy and advanced manufacturing. The highly qualified and experienced faculty members place strong emphasis on hands-on learning, problem solving and critical thinking through projects, internships, industrial training and collaborative research. Through a curriculum aligned with international standards, students gain not only theoretical knowledge but also essential technical skills, teamwork abilities and ethical values required in the modern engineering profession. The Faculty fosters a culture of innovation by supporting student-led initiatives, engineering clubs and competitions that cultivate leadership qualities and creative thinking. With strong industry linkages, career guidance services and a focus on cutting-edge technologies, the Faculty of Engineering & Technology plays a pivotal role in producing competent, future-ready engineers and technologists who contribute meaningfully to an ever-evolving global landscape.

Course & Streams	Duration	Eligibility
Diploma in Mechanical Engineering, Electrical Engineering, Electronics and Communication, Information Technology, Environmental Engineering, Structural Engineering	3 Years (6 Semesters)	X with maths or equivalent from recognized board
Bachelor of Technology (B.Tech) in Computer Science, Information Technology, Electrical Engineering, Mechanical Engineering, Civil Engineering, Electronics and Communication Engineering	4 Years (8 Semesters)	XII with Science or Equivalent
Master of Technology (M.Tech) in Computer Science, Information Technology, Electrical Engineering, Mechanical Engineering, Civil Engineering, Electronics and Communication Engineering	2 Years (4 Semesters)	B.Tech in relevant stream

Faculty of Allied Health Sciences

The Faculty of Allied Health Sciences at Duke International University is dedicated to producing skilled, compassionate and industry-ready healthcare professionals equipped to meet the growing demands of modern medical and clinical environments. The Faculty offers a diverse range of programmes that integrate advanced scientific knowledge with hands-on clinical training. Students gain practical experience through state-of-the-art laboratories, simulation centers and collaboration with leading hospitals, clinics and research institutions. Area of study include medical laboratory technology, radiologic technology, physiotherapy, public health, nutrition and emergency medical care. Guided by experienced educators and healthcare specialists, students are trained in ethical practice, patient-centered care, professional communication and evidence-based decision-making. Through interdisciplinary collaboration, community outreach programs, research opportunities and continuous skill development, the Faculty of Allied Health Sciences fosters a learning environment where students are encouraged to innovate, lead and contribute meaningfully to global health solutions. With its strong foundation in academic quality, modern facilities and a holistic approach to healthcare education, the Faculty continues to play a vital role in shaping competent healthcare practitioners who are prepared to serve society with dedication, knowledge and integrity

Course & Streams	Duration	Eligibility
Diploma in Community Medical Service and Essential Drugs	1.5 Years (3 Semesters)	XII with Science from Recognized Board
Diploma in ECG Technician, Medical Laboratory Technology, Multipurpose Health Worker, Ultrasound Technology, X-Ray Technician, CT Scan Technician	2 Years (4 Semesters)	XII with Science from a Recognized Board
Bachelor of Medical Laboratory Technology **(BMLT)**, Bachelor of Radiology & Imaging Technology **(BRIT)**	3 Years (6 Semesters)	XII with PCB from a Recognized Board
Certificate in Medical Dresser, Dental Technician & Hygiene, ECG Technician, Medical Lab Technology, Ultrasound Technology, X-Ray Technician, CT Scan Technician	1 Years (2 Semesters)	X with PCB from a Recognized Board
Bachelor of Science (B.Sc) in Medical Laboratory Technology, Medical Record Technology, Health Safety and Environment	3 Years (6 Semesters)	XII with Science, PCB from a Recognized Board

Faculty of Commerce & Management

The Faculty of Commerce and Management at Duke International University serves as a center of excellence in business education, committed to developing future leaders, entrepreneurs and professionals capable of thriving in a competitive global economy. The Faculty offers programmes in accounting, finance, marketing, human resource management, business administration, entrepreneurship and supply chain management. Supported by experienced academicians, business experts and industry practitioners, student develop critical thinking, strategic decision-making and innovative problem-solving abilities.

Modern facilities, digital learning platforms and business simulation labs ensure that students receive hands-on exposure to current business tools and technologies. The Faculty encourages students to participate in internships, research projects, business competitions, seminars and workshops, strengthening their professional networks and enhancing their career readiness. By promoting leadership development, ethical business practices and global perspectives, the Faculty of Commerce and Management at Duke International University continues to shape competent, confident and socially responsible business professionals capable of contributing meaningfully to organizations and economies worldwide.

Course & Streams	Duration	Eligibility
Diploma in Marketing, Finance, Human Resource Management, International Business, Project Management, Strategic Management,	2 Years (4 Semesters)	XII from recognized board
Bachelor of Commerce (B.Com)	3 Years (6 Semesters)	XII from a recognized board
B.Com. (Honours), B.Com. (Honours with Research)	4 Years (8 Semesters)	XII from a recognized board
Bachelor of Business Administration (B.B.A.)	3 Years (6 Semesters)	XII from recognized board
B.B.A. (Honours), B.B.A. (Honours with Research)	4 Years (8 Semesters)	XII from recognized board
Bachelor of Business Administration (BBA) in Marketing , Finance, Human Resource Management, Real Estate Valuation, Digital Marketing, Supply Chain Management, E-Commerce	3 Years (6 Semesters)	XII from recognized board
Bachelor of Hotel Management and Catering Technology (BHMCT)	4 Years (8 Semesters)	XII from recognized board
Post Graduate Diploma in Media and Entertainment Management, Taxation, Risk Management, Production Management, Disaster Management, Fire and Safety Management	2 Years (4 Semesters)	Bachelor Degree with minimum 45% marks or equivalent grades
Master of Commerce (M.Com)	2 Years (4 Semesters)	B.Com. or Equivalent
Master of Business Administration (MBA) in Banking and Insurance, Information Technology, Sports Management, Aviation Management, Agri-Business Management, Real Estate Management	2 Years (4 Semesters)	Bachelor Degree
Executive-Master of Business Administration (E-MBA) in Marketing , Finance, Human Resource Management, International Business, Digital Marketing	1 Year (2 Semesters)	Graduation with 2 Years Working Experience

Faculty of Computer Science & Technology

The Faculty of Computer Science & Technology is a forward-looking academic division dedicated to innovation, research and professional expertise in the fast-evolving world of computing. It offers a comprehensive range of programmes that cover fundamental and emerging areas such as programming, algorithms, artificial intelligence, data science, cybersecurity, networking, software engineering and information systems. The Faculty aims to equip students with strong theoretical foundations as well as hands-on technical skills through modern laboratories, project-based learning, industry collaborations and exposure to real-world technological challenges. With a team of qualified educators, researchers and technical experts, the Faculty fosters an environment that encourages analytical thinking, creativity, problem-solving and research excellence. Its curriculum is designed to meet global industry standards, preparing graduates for competitive careers in IT, software development, data analytics, research and technology-driven sectors.

Course & Streams	Duration	Eligibility
Diploma in Computer Application (D.C.A.)	1 Year (2 Semesters)	XII with Maths or Equivalent
Bachelor of Science in Computer Science, Information Technology	3 Years (6 Semesters)	XII with Science-Relevant from recognized board
Bachelor of Computer Application (B.C.A.)	3 Years (6 Semesters)	XII with Maths or Equivalent
B.C.A. (Honours), B.C.A. (Honours with Research)	4 Years (8 Semesters)	XII with Maths or Equivalent
B.Sc. (Honours), B.Sc. (Honours with Research) in Computer Science, Information Technology	4 Years (8 Semesters)	XII with Science-Relevant from recognized board
Post Graduate Diploma in Computer Application (PGDCA)	1 Year (2 Semesters)	Graduation with 50% marks
Master of Computer Application (M.C.A)	2 Years (4 Semesters)	BCA, Graduation with Maths or Equivalent
Master of Science (M.Sc.) in Computer Science, Information Technology	2 Years (4 Semesters)	Graduation in relevant stream

Faculty of Education & Sports

The Faculty of Education & Sports is a vibrant academic division committed to developing competent educators, coaches and sports professionals who contribute meaningfully to society. It combines the principles of modern pedagogy with the scientific study of physical education, training students to understand both the intellectual and physical dimensions of human development. The Faculty offers programmes that encompass teaching methodologies, educational psychology, curriculum development, inclusive education, sports science, fitness training, kinesiology and health education. With well-equipped classrooms, training grounds and sports facilities, the Faculty focuses on experiential learning, practical teaching sessions, coaching practice and team-based sporting activities. Supported by experienced educators, trainers and industry specialists, students cultivate encourages leadership, discipline, teamwork and holistic development. The Faculty of Education & Sports prepares graduates to become competent teachers, coaches, sports administrators, fitness professionals and physical education specialists

Course & Streams	Duration	Eligibility
Bachelor of Arts in Education	3 Years (6 Semesters)	XII from a recognized board
Bachelor of Physical Education and Sports (B.P.E.S.)	3 Years (6 Semesters)	XII from a recognized board
B.P.E.S. (Honours), B.P.E.S. (Honours with Research)	4 Years (8 Semesters)	XII from a recognized board
B.A. (Honours), B.A. (Honours with Research) in Education	4 Years (8 Semesters)	XII from a recognized board
Post Graduate Diploma in Guidance & Counseling, Early Childhood Care & Education	1 Year (2 Semesters)	Graduation with minimum 45% marks or equivalent grades
Master of Arts (M.A.) in Education	2 Years (4 Semesters)	Graduation with relevant or Allied Subject
Master of Physical Education and Sports (M.P.E.S.)	2 Years (4 Semesters)	B.PES., B.PED., Graduation in sports or Equivalent

Faculty of Journalism & Mass Communication

The Faculty of Journalism & Mass Communication at Duke International University (DIU) is a progressive and dynamic academic unit dedicated to shaping skilled, responsible and forward-thinking media professionals. Committed to excellence in both theory and practice, the Faculty offers a holistic curriculum that integrates core areas of journalism, mass communication, public relations, digital media, advertising and multimedia storytelling. Students are trained to understand the evolving landscape of global communication while developing strong competencies in news writing, investigative reporting, video production, audio editing, photography and digital content creation. The Faculty emphasizes ethical journalism, critical thinking and social responsibility, encouraging learners to explore the power of media in shaping public opinion and influencing societal change. With modern facilities, expert faculty members, workshops, seminars and opportunities for internships in reputable media houses, DIU provides a vibrant learning environment where students gain real-world exposure and professional confidence. Through its commitment to innovation, creativity, and academic excellence, the Faculty of Journalism & Mass Communication strives to prepare students not only for successful careers in media but also for meaningful contributions to society as informed, articulate and responsible communicators

Course & Streams	Duration	Eligibility
Diploma in Journalism and Mass Communication	1 Year (2 Semesters)	XII from a recognized board

Master of Arts (M.A.) in Journalism and Mass Communication	2 Years (4 Semesters)	Graduation
Post Graduate Diploma in Journalism and Mass Communication	1 Year (2 Semesters)	Graduation

Faculty of Arts & Social Science

The Faculty of Arts & Social Science at Duke International University (DIU) is a dynamic academic division dedicated to fostering intellectual curiosity, cultural understanding, and strong analytical abilities among students. It offers a broad spectrum of programmes in Sociology, Psychology, Political Science, English, Economics, History, Philosophy and Development Studies, allowing learners to explore the complexities of human behaviour, society and global affairs. With a commitment to multidisciplinary learning, the Faculty encourages students to connect ideas across various fields, developing critical thinking, communication skills and social responsibility.

DIU provides an enriching educational environment supported by qualified faculty members, modern learning resources, research opportunities and interactive classroom experiences. Through seminars, workshops, field studies, community engagement activities and research projects, students are prepared to become thoughtful leaders, informed citizens and socially responsible professionals. By nurturing creativity, ethical values and a broad worldview, the Faculty of Arts & Social Science strives to empower individuals to succeed academically, professionally and socially while making positive contributions to society

Course & Streams	Duration	Eligibility
Bachelor of Arts (B.A.)	3 Years (6 Semesters)	XII from a recognized board
Bachelor of Arts (B.A.) in English, Hindi, Sanskrit, Sociology, History, Political Science	3 Years (6 Semesters)	XII from a recognized board
B.A. (Honours), B.A. (Honours with Research) in Economics, Public Administration, Geography, Rural Development, Visual Arts, Fine Arts	4 Years (8 Semesters)	XII from a recognized board
Bachelor of Arts (B.A.) Additional in English, Hindi, Sanskrit, Sociology, History, Political Science	1 Year (2 Semesters)	Graduation in relevant stream with minimum 45% marks or equivalent grades
Bachelor of Fine Arts (B.F.A.)	4 Years (8 Semesters)	XII from a recognized board
Bachelor of Social Work (B.S.W)	3 Years (6 Semesters)	XII from a recognized board
B.S.W. (Honours) , B.S.W. (Honours with Research)	4 Years (8 Semesters)	XII from a recognized board
Master of Fine Arts (M.F.A.)	2 Years (4 Semesters)	BFA or Equivalent
Master of Arts (M.A.) in Public Administration, Geography, Rural Development, Human Rights, International Relations, Visual Art	2 Years (4 Semesters)	Graduation with relevant or Allied Subject
Master of Social Work (M.S.W)	2 Years (4 Semesters)	BSW or Equivalent
PG Diploma in Psychology and Counselling	1 Years (2 Semesters)	Graduation from recognized University

Faculty of Science

The Faculty of Science at Duke International University (DIU) is a forward-looking academic division committed to advancing scientific knowledge, innovation and research excellence across a wide range of disciplines, including physics, chemistry, mathematics, botany, environmental science and zoology. The Faculty provides students with a solid foundation in theoretical principles and practical laboratory skills through hands-on learning, field studies and project-based research. DIU encourages scientific curiosity, critical thinking and problem-solving abilities, enabling students to interpret data, apply scientific methods and address complex global challenges.

Supported by experienced faculty, advanced laboratories, academic seminars and collaborative research opportunities, students are encouraged to innovate, question and discover. By nurturing a strong culture of inquiry, creativity and ethical responsibility, the Faculty of Science prepares graduates to excel in scientific careers and contribute meaningfully to technological advancement and solutions to environmental, health and societal challenges

Course & Streams	Duration	Eligibility
Bachelor of Science (B.Sc.) in Zoology, Botany, Chemistry (ZBC), Physics, Chemistry, Mathematics (PCM)	3 Years (6 Semesters)	XII with Science-Relevant
Bachelor of Science (B.Sc.) in Botany, Physics, Chemistry, Mathematics, Zoology, Statistics, Yoga	3 Years (6 Semesters)	XII with Science-Relevant From recognized board
B.Sc. (Honours), B.Sc. (Honours with Research) in Mathematics, Zoology, Environmental Science, Statistics, Home Science,Yoga	4 Years (8 Semesters)	XII with Science-Relevant from recognized board
Master of Science (M.Sc.) in Botany, Physics, Chemistry, Mathematics, Zoology, Environmental Science	2 Years (4 Semesters)	Graduation in relevant stream

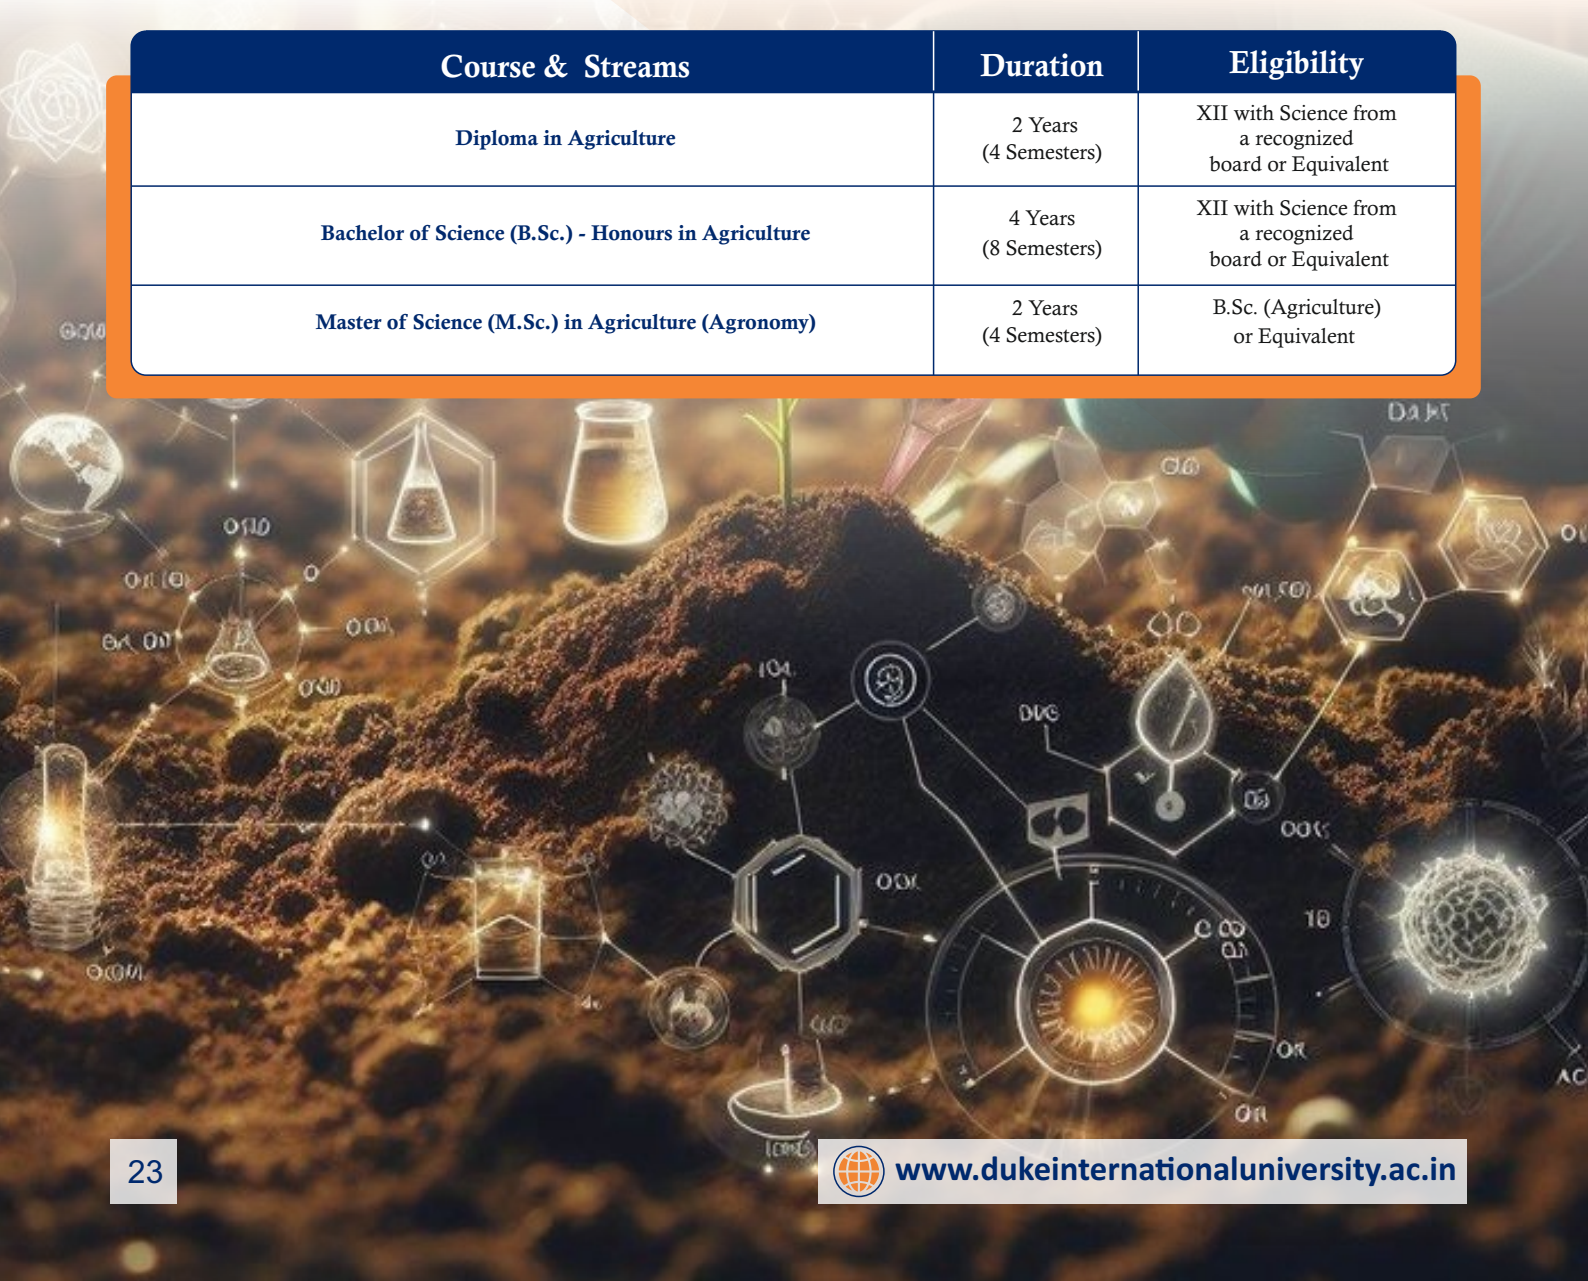

Faculty of Agriculture Science

The Faculty of Agriculture Science at Duke International University (DIU) is a progressive academic unit committed to advancing agricultural knowledge, sustainable development and innovative farming practices through scientific research, practical training and modern technology. The Faculty offers comprehensive programmes in agronomy, horticulture, soil science, agricultural biotechnology, plant protection, agricultural economics and sustainable agriculture. DIU provides students with hands-on learning experiences through well-equipped laboratories, experimental farms, greenhouses and field-based research projects that allow them to apply theoretical concepts to real-world agricultural challenges

The Faculty emphasizes sustainable farming, food security, climate-smart agriculture and modern production techniques to prepare students for the rapidly changing global agricultural landscape. With guidance from experienced educators and researchers, students develop strong skills in problem-solving, innovation, scientific analysis and environmental stewardship. Through workshops, internships, community outreach and industry collaboration, learners gain practical exposure to professional opportunities in the agricultural sector. The Faculty of Agriculture Science equips graduates to contribute meaningfully to agricultural development, rural livelihoods, environmental conservation and the long-term sustainability of food systems locally and globally.

Course & Streams	Duration	Eligibility
Diploma in Agriculture	2 Years (4 Semesters)	XII with Science from a recognized board or Equivalent
Bachelor of Science (B.Sc.) - Honours in Agriculture	4 Years (8 Semesters)	XII with Science from a recognized board or Equivalent
Master of Science (M.Sc.) in Agriculture (Agronomy)	2 Years (4 Semesters)	B.Sc. (Agriculture) or Equivalent

Faculty of Library & Information Science

The Faculty of Library & Information Science at Duke International University (DIU) is dedicated to shaping knowledgeable, skilled and technology- oriented professionals capable of managing information in today's rapidly evolving digital world. The Faculty offers a comprehensive curriculum that blends traditional library science with modern information management practices, covering areas such as cataloguing, classification, digital archiving, information retrieval, database management, knowledge organization and library administration. DIU emphasizes both theoretical understanding and practical application by providing access to well-equipped libraries, digital resource centers and hands-on training in modern library technologies and software. Through research projects, internships, workshops and community engagement activities, students learn to organize information efficiently, support research needs, manage digital resources and provide effective information services to diverse user groups. Guided by experienced faculty members, learners also develop essential skills in communication, critical thinking, problem-solving and ethical information handling. The Faculty of Library & Information Science prepares graduates to thrive in libraries, archives, research institutions, educational organizations and various digital information environments in an increasingly knowledge-driven society

Course & Streams	Duration	Eligibility
Diploma in Library and Information Science (D.LIS.)	1 Year (2 Semesters)	XII from recognized board
Bachelor of Library and Information Science (B.LIS.)	1 Year (2 Semesters)	Graduation
Master of Library and Information Science (M.LIS.)	1 Year (2 Semesters)	B.LIS. or Equivalent

Faculty of Fashion, Animation & Design

The Faculty of Fashion, Animation & Design at Duke International University (DIU) is a vibrant and creative academic hub dedicated to nurturing artistic talent, technical skills and innovative thinking in students who aspire to build careers in the global creative industries. The Faculty offers a diverse range of programmes in fashion design, textile design, animation, graphic design, multimedia arts, visual communication, interior design and digital illustration

DIU provides an inspiring learning environment equipped with fashion studios, design labs, digital animation suites, sewing and pattern-making workshops and multimedia production facilities. These resources enables students to gain hands-on experience in transforming creative ideas into professional-quality outcomes. With guidance from experienced faculty members and industry experts, students develop strong foundations in design principles, storytelling, digital modeling, character design, garment construction, colour theory and creative problem-solving. The Faculty emphasizes portfolio development, trend analysis, sustainable design practices and practical exposure through competitions, exhibitions, internships and industry collaborations. Through a blend of artistic exploration, technical mastery and real-world experience, the Faculty of Fashion, Animation & Design empowers students to become innovative designers, skilled animators and creative professionals ready to thrive in fashion houses, studios, advertising agencies, entertainment companies and other creative sectors worldwide

Course & Streams	Duration	Eligibility
Diploma in 3D Animation and Visual Effects, Beauty Care and Health, Textile Design, Fashion & Apparel Design	1 Year (2 Semesters)	XII from recognized board
Bachelor of Science in Video Editing and VFX, 3D Animation and Visual Effects, Beauty Care and Health, Textile Design, Fashion & Apparel Design, Dramatics	3 Years (6 Semesters)	XII with Science from a recognized board or Equivalent
B.Sc. (Honours), B.Sc. (Honours with Research) in Fashion Designing, Interior Designing, Graphics Design, Animation and VFX	4 Years (8 Semesters)	XII with Science from a recognized board or Equivalent
Bachelor of Design (B.Des.)	4 Years (8 Semesters)	XII with Science from a recognized board or Equivalent
Post Graduate Diploma in Fashion Designing, Interior Designing, Graphics Design, Animation and VFX, Animation, Graphic and Web Designing	1 Year (2 Semesters)	Graduation in relevant stream
Master of Design (M.Des.)	2 Years (4 Semesters)	Graduation in relevant stream
Master of Science (M.Sc.) in Fashion Designing, Interior Designing, Graphics Design, Animation and VFX, Animation, Graphic and Web Designing	2 Years (4 Semesters)	Graduation in relevant stream with minimum 45% marks or equivalent

Vocational / Skill Programmes also Offered

Duke International University provides learners with diverse pathways for education and career development through its Certificate, Diploma (D.Voc), Advanced Diploma, B.Voc and M.Voc programmes. Each programme is designed with industry collaboration to ensure that students acquire relevant knowledge, hands-on skills and professional exposure preparing them for rewarding and sustainable careers.

01

Certificate & Diploma Programmes:

Short-term and specialized programmes that enable students to quickly acquire job-ready skills in their chosen fields.

02

Advanced Diploma Programmes:

Programmes focused on vocational and technical education, equipping learners with the practical competencies and confidence required to enter the workforce.

03

B.Voc & M.Voc Programmes:

Degree-level programmes that integrate academic depth with practical training, producing graduates who are competent, innovative and future-ready.

Skill-Work Integrated Program (SWIP)

A hallmark of Duke International University, the Skill-Work Integrated Program (SWIP) is a distinctive educational model that seamlessly blends classroom learning with real-world industry experience. Through this program, students truly "learn while they earn" by participating in internships, apprenticeships and live industry projects alongside their academic studies.

This integrated approach offers significant benefits to all stakeholders:

- **For Students:** Financial independence, enhanced career readiness, hands-on workplace exposure and improved employability prospects.
- **For Industry Partners:** Access to motivated and skilled talent, reduced training and on boarding costs and improved workforce retention.

Faculty of Vocational Education

The Faculty of Vocational Education at Duke International University (DIU) is committed to empowering students with practical skills, hands-on training and industry-ready competencies that prepare them for immediate employment and long-term career growth. This Faculty offers a wide range of vocational programmes designed to meet modern workforce demands, including technical trades, hospitality and tourism, entrepreneurship, information technology, healthcare support, office management, beauty and wellness, and various skill-development courses designed to meet industry standards.

DIU emphasizes a learning environment where theory is combined with extensive practical application through workshops, laboratories, training centers, internship and real-world project work. Under the guidance of experienced instructors and industry professionals, students develop technical proficiency, workplace discipline, problem-solving abilities and professional confidence

The Faculty also provides internship opportunities, skill-assessment sessions, career counselling and exposure to real industrial settings to enhance professional readiness. By focusing on employability, innovation and competency-based learning, the Faculty of Vocational Education plays a vital role in developing a skilled manpower capable of contributing effectively to national development, economic growth and community advancement. It equips learners not only with job-specific skills but also with the confidence and adaptability to succeed in an ever-changing professional world.

Course & Streams	Duration	Eligibility
Certificate in Medical Laboratory Technology, Medical Record Technology, Sanitary Health Inspector	1 Year (2 Semesters)	X or equivalent
Diploma in Vocation (D.Voc.) in Health and Safety Management, Fashion Design and Technology, Interior Design and Decoration, Animation, Critical Care Technology	1 Year (2 Semesters)	XII or equivalent, in any Stream
Advanced Diploma in Vocation (AD.Voc.) in Artificial Intelligence, Machine Learning, Cloud Computing, Event Management, Photography, Green House Technology	2 Years (4 Semesters)	XII or equivalent, in any Stream
Bachelor of Vocation (B.Voc.) in Game Design and Development, Graphic Designing, Hotel Management, Sustainable Development, Jewellery Designing, Leather Technology	3 Years (6 Semesters)	XII or equivalent, in any Stream
P.G. Diploma in Waste Management, Sports Management, Vehicle Maintenance and Servicing, Web Designing, Quality Assurance (Vocational)	1 Year (2 Semesters)	B.Voc. or Graduation in relevant stream
Master of Vocation (M.Voc.) in Furniture Design, Hospital Administration, Insurance and Risk Management, Material Science, Nanotechnology, Packaging Technology	2 Years (4 Semesters)	B.Voc. or Graduation in relevant stream

Research Programme

The Research Programme at Duke International University (DIU) is a cornerstone of the University's commitment to innovation, knowledge creation and academic excellence. Designed to foster a vibrant research culture across all faculties, the programme encourages students, scholars and faculty members to undertake meaningful investigations that address real-world challenges and contribute to scientific, social, technological and cultural advancement

DIU provides a supportive research environment with access to modern laboratories, digital libraries, research centers, fieldwork opportunities and interdisciplinary collaboration. This enables researchers to explore new ideas with depth, rigor and precision. The programme focuses on developing strong research skills, including critical analysis, data collection, academic writing, experimentation, statistical interpretation and ethical research practices.

Students are encouraged to participate in conferences, publish in academic journals and contribute to community-based research projects with practical societal impact. Experienced supervisors and expert mentors guide learners through the research process, helping them refine their objectives, methodologies and scholarly contributions. Through research grants, funding support, workshops and international collaborations, DIU promotes innovation and global exposure, empowering researchers to pursue ground breaking work across fields such as science, social science, technology, agriculture, humanities and vocational studies. The Research Programme at Duke International University aims to cultivate a new generation of thinkers, innovators and problem-solvers who contribute to national development and global knowledge.

Course & Streams	Duration	Eligibility
Doctor of Philosophy (Ph.D.) in All Running Departments in the University	Minimum 3 Years	Master Degree from recognized university with minimum 55% marks or equivalent with relevant subject specialization

Admission Process

The applicant has to register on the online admission portal of the University by filling the Application form.

STEP 1

Register Yourself

Fill up the Registration Form for Admission, Once you have registered, you will receive an automated email with a verification link. Clicking on the link will verify your email id and allow you to fill your Online Application for Admission and to upload the required documents. This process can also be done offline

STEP 2

Pay Application Fee

Pay an application processing fee via Credit Card/Debit Card/ UPI/Netbanking. The application processing fee is non-refundable. The Online registration for Admission would be considered complete only when the applicant has paid the application processing fee.

STEP 3

Submit Application by Post

On completion of the above-mentioned steps, download and take print out of the submitted online application and dispatch along with complete enclosures in all respects by courier or speed post to University main campus at Kitam, Sikkim. The University shall not be responsible for any postal delay or loss in transit

STEP 4

Payment of Programme Fees

Once the admission is approved by the university, applicants shall be provided with link to pay their fees. The admission shall be cancelled if the applicant has not paid the fee within the allocated time. On successful payment of fees, the applicant is granted provisional admission

STEP 5

Verification of the Submitted Documents

The uploaded documents shall be verified by the University in due course of time. If at this stage, the documents submitted by the applicants are found to be faulty, the admission shall be cancelled immediately

Why Choose Duke International University?

At Duke International University, we go beyond academics to build future-ready professionals with knowledge, skills and values.

01 INDUSTRY-ALIGNED EDUCATION
Curriculum designed in collaboration with industry experts to ensure real-world relevance and employability.

02 SKILL-BASED LEARNING
Focus on practical skills, hands-on training and experiential learning to prepare you for tomorrow's challenges

03 100% PLACEMENT ASSISTANCE
Dedicated placement cell working tirelessly to connect students with top recruiters

04 STRONG INDUSTRY CONNECT
Tie-ups with leading companies for internships, training, live projects and placement opportunities.

05 MODERN INFRASTRUCTURE
Smart classrooms, advanced labs, digital resources and a tech-enabled learning environment

06 GLOBAL EXPOSURE
International collaborations, exchange programs and global learning opportunities to broaden your perspective.

07 HOLISTIC DEVELOPMENT
Personality grooming, soft skills, leadership training and co-curricular activities for overall growth.

08 SAFE & PEACEFUL CAMPUS
Located in the serene and safe environment of Sikkim, ideal for focused learning and personal well-being.

09 FLEXIBLE LEARNING OPTIONS
Choice of online, offline and blended learning modes to suit your goals and lifestyle

10 EXPERIENCED FACULTY
Learn from highly qualified, experienced and supportive faculty members dedicated to your success.

11 INNOVATION & RESEARCH FOCUS
Encouraging creativity, research mindset and innovation to solve real-world problems

12 AFFORDABLE EDUCATION
Quality education with a student-friendly fee structure and excellent value for your investment

13 STUDENT-CENTRIC APPROACH
Personalized mentoring, academic support and guidance at every step of your journey

14 ENTREPRENEURSHIP SUPPORT
Incubation support, startup guidance and resources to turn your ideas into reality.

15 FUTURE-READY CAREERS
Preparing you with the right mindset, skills and exposure to build successful careers worldwide.

YOUR JOURNEY TO SUCCESS STARTS HERE

CHOOSE DUKE. CHOOSE YOUR FUTURE.

The Duke Scholarship & Aptitude Test

The Duke Scholarship & Aptitude Test (DSAT) 2026 offers ambitious students a gateway to academic excellence and financial support at Duke International University. Designed to identify high-potential learners, DSAT recognizes aptitude, academic promise, and future leadership.

Through this merit-based assessment, candidates can earn scholarships of up to 100% based on their performance. The test is intended to make quality education more accessible while encouraging deserving students to pursue their higher education goals with confidence

DSAT 2026 is ideal for students seeking admission into undergraduate and postgraduate programs at Duke International University. It provides a transparent, performance-driven scholarship opportunity and a strong first step toward a future-ready academic journey.

Key Highlights of DSAT

- **Home-Based Online Test-** Appear comfortably from home.
- **Objective Format-** 50 MCQs, 1 mark each, no negative marking.
- **Time-Bound-** 60 minutes.
- **Application Fee-** Rs.1,000.
- **Scholarship Opportunity-** Up to 100% scholarship based on performance.
- **Waiver for Eligible Students-** State/national achievers or valid scoreholders may be considered for a written test waiver (application still required).
- **Comprehensive Evaluation-** DSAT score + academic profile + personal interview (where applicable).

Scholarship Categories

1. MERIT SCHOLARSHIPS

DSAT Scholarship	Up to 100%
Other Entrance Test Scholarships	Check website for details

2. EXCELLENCE SCHOLARSHIPS

Chancellor's Merit Scholarship for National-Level Rank Holders	Co-curricular / Extracurricular achievements: up to 100% based on achievements and national- level rankings
Central and State Government Scholarship Schemes	Other excellence-based support: up to 70%

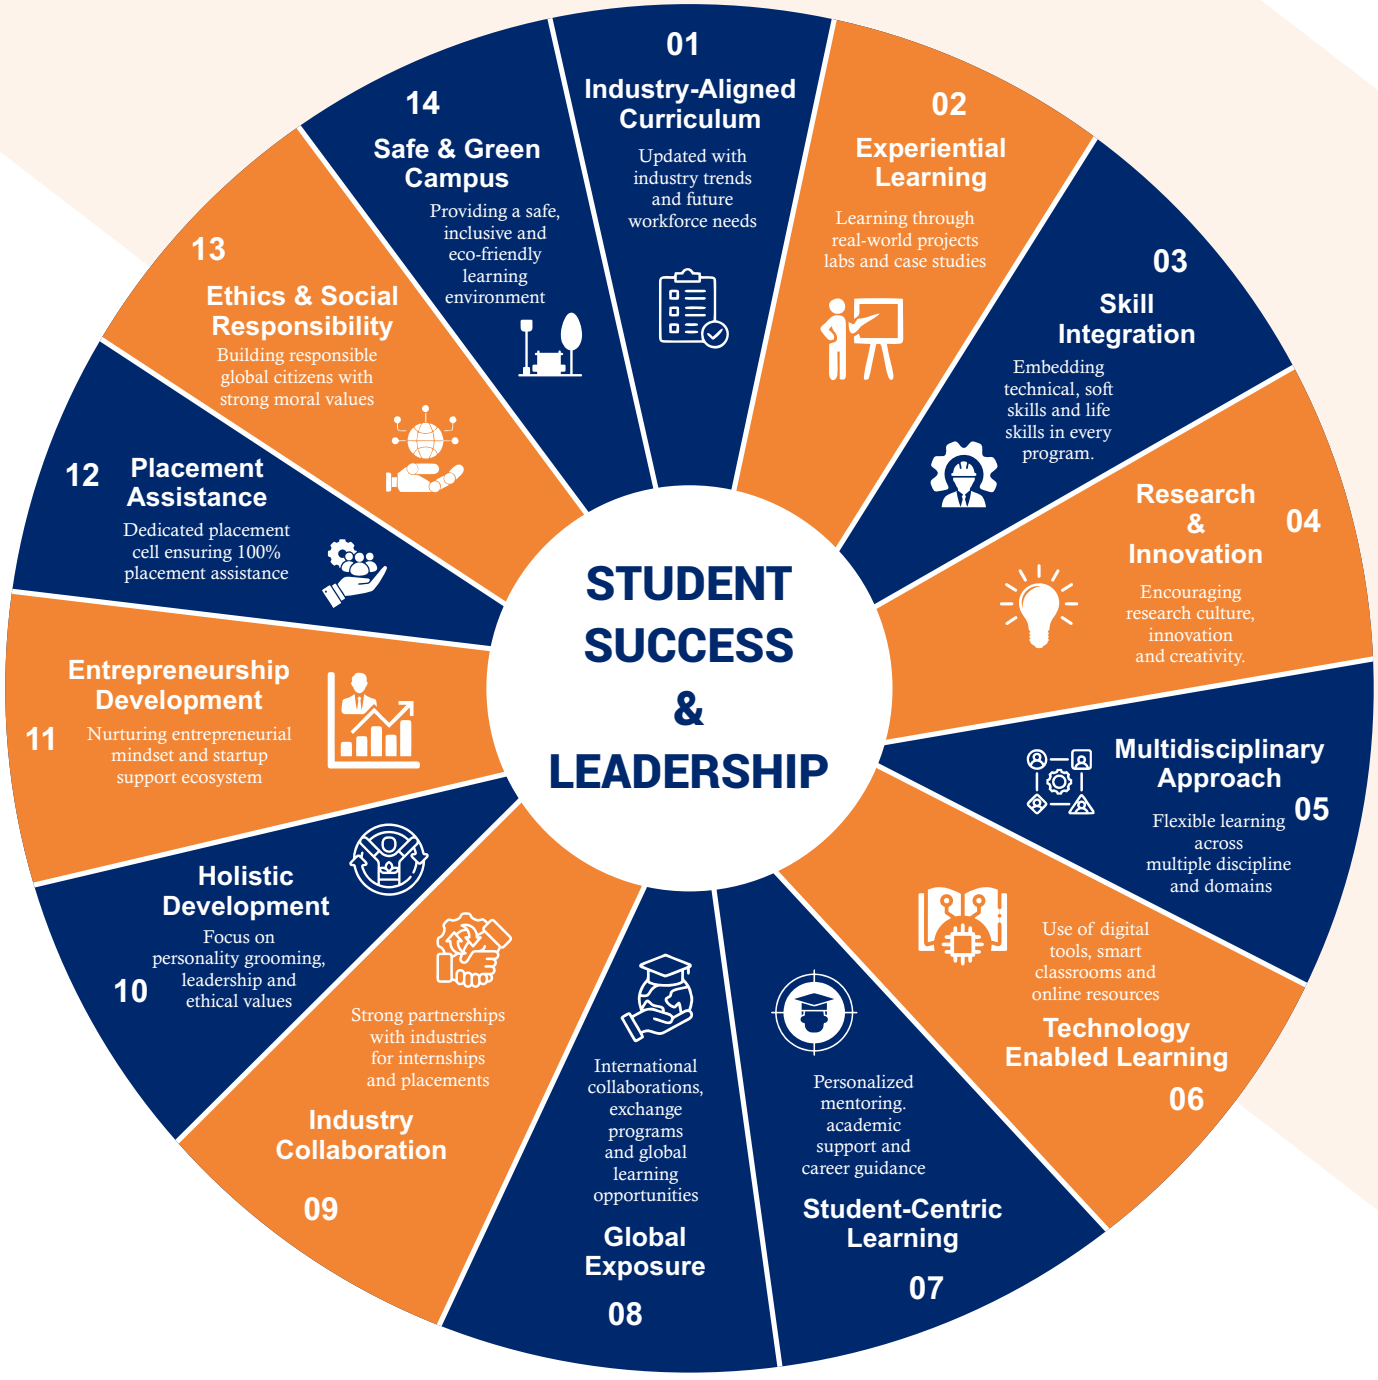

3. FEE WAIVERS

Fee waiver for wards of war widows/war-disabled personnel	Up to 100%
Fee waiver for wards of in-service/ ex-servicemen of Armed Forces / Police personnel	Up to 50%
Special fee waiver for COI holders (where applicable) and for students from GTA & NER	20%

Note: Final scholarship decisions rest with the Scholarship Committee. Please check the university website for additional terms and conditions.

ACADEMIC MODEL

At Duke International University, our academic model is designed to create industry-ready professionals and responsible global citizens through an innovative, inclusive and outcome-driven approach

KEY OUTCOMES

- Industry Ready Graduates
- Strong Career Growth
- Global Opportunities
- Leadership & Values
- Innovative Thinkers
- Entrepreneurial Mindset

New Learning Era

Traditional Higher Education VS New Age Higher Education

The world is changing, rapidly, and education is adapting to meet new demands. It's time to move from rote learning to real learning, from degrees to skills, from classrooms to career readiness.

Traditional Higher Education		New Age Higher Education	
Rote Learning Focus on memorization and exam-oriented approach	01	**Skill-Based Learning** Focus on understanding. skills and practical knowledge	01
Theory-Centric Mostly theoretical knowledge with limited practical exposure	02	**Practical & Industry-Oriented** Hands-on training, real-world projects and industry exposure	02
Fixed Learning Pattern Rigid schedule, fixed curriculum and non-flexible learning	03	**Flexible Learning** Choice of programs, flexible timings and personalized learning paths	03
Large Classrooms Large student-teacher ratio and less individual attention	04	**Student-Centric Approach** Personal attention, mentorship and holistic development	04
Degree-Focused Focus on getting a degree, not on building career	05	**Career-Focused** Focus on employability, skills and career readiness	05
Limited Industry Connect Less interaction with industry and corporate world	06	**Strong Industry Collaboration** Tie-ups with industries for internships, placements and live projects	06
Exam-Oriented System High-stress exams and marks-based evaluation	07	**Continuous Assessment** Skill assessment, practical evaluation and performance-based learning	07
Limited Skill Development Focus mainly on academic knowledge with less emphasis on skills	08	**Comprehensive Skill Development** Focus on technical, soft skills, leadership and life skills	08
Limited Global Exposure Limited exposure to global opportunities and diversity	09	**Global Exposure** International collaborations, global programs and diverse learning	09
Less Employability Graduates struggle to meet industry expectations	10	**High Employability** Industry-ready professionals with strong placement support	10
Traditional Infrastructure Conventional classrooms and limited digital infrastructure.	11	**Modern Infrastructure** Smart classrooms, digital labs and advanced learning tools	11
Limited Innovation Less focus on creativity and innovation	12	**Innovation & Entrepreneurship** Encourages creativity, startups and entrepreneurial mindset	12
Uncertain Future Learning without clarity about future goals	13	**Future-Ready Learning** Prepares students for future challenges, technology and leadership.	13
High Cost, Less Value High fees with limited value addition.	14	**Affordable, High Value** Quality education with affordable fees and high ROI	14
Limited Choices Limited course and career options for students	15	**Multiple Choices** Wide range of programs and career opportunities	15

100% PLACEMENT ASSISTANCE

★★★ YOUR SUCCESS, OUR COMMITMENT ★★★

15 REASONS TO CHOOSE DUKE INTERNATIONAL UNIVERSITY

01 100% PLACEMENT ASSISTANCE
Dedicated Training & Placement Cell for your bright future.

02 INDUSTRY-ORIENTED EDUCATION
Curriculum designed with industry experts for real-world readiness.

03 SKILL-BASED LEARNING
Focus on practical skills to make you job-ready from day one.

04 STRONG INDUSTRY CONNECTIONS
Tie-ups with leading companies for internships, training, live projects and placement opportunities.

05 CAREER DEVELOPMENT SUPPORT
Tie-ups with leading companies for internships and placements

06 INTERNSHIP OPPORTUNITIES
Hands-on experience with top organizations

07 EXPERT FACULTY & MENTORSHIP
Learn from experienced mentors and industry professionals.

08 MODERN INFRASTRUCTURE
Smart classrooms, advanced labs & digital learning resources.

09 GLOBAL EXPOSURE
International collaborations and global learning opportunities

10 HOLISTIC DEVELOPMENT
Focus on personality, leadership & overall growth

11 AFFORDABLE EDUCATION
Quality education with a student-friendly fee structure

12 SAFE & PEACEFUL CAMPUS
Experience a secure, green and peaceful environment in Sikkim.

13 INNOVATION & RESEARCH
Encouraging creativity, research & innovative thinking

14 ENTREPRENEURSHIP SUPPORT
Guidance and support to turn your idea into reality.

15 FUTURE-READY GRADUATES
We prepare you to lead, innovate and succeed globally

OUR RECRUITMENT PARTNERS

At Duke International University, strong industry collaboration forms a key pillar of our academic ecosystem. With a growing network of industry and skill-development partners, DIU ensures that learning remains aligned with real-world demands and evolving career opportunities. These collaborations support hands-on training, practical exposure, and industry-oriented learning experiences. Together, they help bridge the gap between education and employability, preparing learners for future-ready careers.

FREQUENTLY ASKED QUESTIONS

Find answers to common questions about admissions, programs, facilities, recognition, and student support services.

1

Where is Duke International University located?

Duke International University is located at Middle Kitam Ward, PW Milikhola Kitam GPU, Kitam, South Sikkim, District Namchi, Sikkim - 737126, India. The campus offers a peaceful academic environment with modern infrastructure for higher education and skill-based learning.

2

Is Duke International University recognized?

Yes. Duke International University is established under the relevant State Act and is in the process of being listed/ recognized by the University Grants Commission (UGC) and other regulatory bodies

3

What programs does the University offer?

The University offers a wide range of programs in: Engineering & Technology, Commerce & Management Arts & Social Sciences Agricultural Sciences, Pharmacy & Paramedical Sciences Law, Education & Physical Education, Journalism & Mass Communication, Vocational & Skill Development Courses

4

Does the University provide vocational and skill-based courses?

Yes. In alignment with NEP 2020, the University offers certificate, diploma, and degree programs in vocational and industry-oriented streams

5

What are the eligibility criteria for admission?

Eligibility depends on the program selected. For undergraduate programs, students generally need 10+2 or equivalent. For postgraduate programs, a bachelor's degree in the relevant discipline is required. Diploma, vocational, and research programs may have specific criteria as per University norms.

6

How can I apply for admission?

You can apply online through the University's official website or visit the Admission Cell at the campus. Detailed guidelines, application forms, and fee structure are available online

7

What kind of placement support does the University provide?

The University has an Industry-Academia Cell and dedicated Training & Placement Cell to provide internships, industry training, and job placements with reputed companies.

8

Is hostel accommodation available?

Yes. Hostel accommodation is available for students, subject to availability and University rules. Facilities may include separate accommodation arrangements, security, mess, and essential student support services

9

How can I verify my degree or certificate from Duke International University?

Students, employers, or agencies can request verification through the Registrar's Office or the official university portal. The University also plans to integrate Digilocker services for digital verification

10

Does the University follow NEP 2020 guidelines?

Yes. Duke International University follows National Education Policy (NEP 2020), focusing on multidisciplinary, flexible curriculum, credit transfer, and skill integration

11

How can I contact the University for queries?

Address: Middle Kitam Ward, PW Milkhola Kitam GPU, Kitam, South Sikkim, Dist. Namchi, Sikkim – 737126, India

Phone: +91-9266567892

Email: info@dukeinternationaluniversity.ac.in
